Dear Ms. Gilbert:

As detailed in our letter to you dated January 15, 2002, we are outside patent attorneys for Cantor Fitzgerald and represent Cantor Fitzgerald on numerous patent matters, including obtaining patents on inventions that your husband made while he was employed by Cantor Fitzgerald. We need your assistance with respect to obtaining patents for several of those inventions.

Although we have sent you several patent applications, along with their respective declarations, powers of attorney, and assignments in the past, we were not explicitly clear as to which patent applications and accompanying documents were enclosed.

Accordingly, please find enclosed copies of several patent applications that Andrew was working on. A detailed list of these patent application is shown below. Certain formalities — i.e., signing of the required documentation — for these applications still remain to be completed. Applications for patents may be executed by the legal representatives of the inventor. Accordingly, we need to have documents signed by Andrew's legal representative

(executor, administrator, heir or heirs, etc.) for each of his patent applications. We also need assurance by the legal representative of his or her power or authority.

The enclosed patent applications may include one or more of the following documents that we need to have signed and are as follows:

1. Declaration and Power of Attorney for Patent Application (attached to each enclosed copy of the patent application);
2. Assignment of rights to eSpeed, Inc. (an affiliate of Cantor Fitzgerald) for non-provision application; and/or
3. Assignment of rights to eSpeed, Inc. for provisional application.

The first document declares that Andrew was one of a group of inventors that invented the subject matter in that patent application. The first document also gives our firm Power of Attorney to prosecute that application before the United States Patent and Trademark Office.

The second and third documents assign rights in the non-provisional and provisional patent applications (if required), respectively, to eSpeed, Inc. Andrew was legally obligated by his employment agreement* to sign all required documents to transfer ownership to

* The employment agreement states in pertinent part, "Cantor Fitzgerald owns all the tangible and intangible work product originated or developed by employees in connection with their employment, even if developed outside the Firm's premises. As a condition of your employment you agree that Cantor Fitzgerald shall have exclusive ownership of any and all right, title, and interest in (1) all copyright, trademarks, service mark rights, patents or processes associated with any work, mark, invention or process produced during the course of your employment which was originated or developed in connection with such employment; and (2) any such proprietary rights with respect to any invention or process originated or such proprietary rights with respect to any invention or process originated or developed in connection with your employment reduced to practice following the termination of your employment, if the invention or process existed in an intangible form prior to such termination, even if it was not workable at that time.

If you have any questions concerning these documents, or would simply like a broader explanation of the import of these documents, please feel free to call me or to consult other counsel.

We have assumed that you are your husband's legal representative. If so, please complete the enclosed two documents and return them to me in the enclosed self-addressed, postage-paid, return envelope. We will consider our receipt of the signed documents from you as your assurance to us that you are the legal representative.

If you are not your husband's legal representative, please tell me how to contact that person so that we can get him or her to sign the enclosed documents.

Again, if you have any questions, please call me. If you would prefer to speak to someone at Cantor Fitzgerald about this, I suggest Mr. Howard H. Lutnick, tel.: (212) 821-6968.

We are required by law to make a diligent effort to secure your participation in completing these applications prior to proceeding without your participation.

This letter is one of several we have sent you after our initial letter of January 15, 2002. We have not received any signed documents from you at any time after any of those letters. However, we would greatly appreciate your help and look forward to hearing from you. In the event that we do not hear from you within two weeks of this letter, we will proceed with the application process on behalf of Cantor Fitzgerald without the signed documents.

Sincerely yours,

Joel Weiss
